

BUSTAFIED PRESS RELEASE March 2019

Bustafied is an austrian soul/rock trio, which loves to perform live music. The three young stage experienced musicians have started a new project, which allows them to enjoy their passion to the fullest as a group. They soulfully combine catchy, fresh, dynamic and groovy instrumentals with expressive vocals. With their intention to reach each and everyone they write and sing all the lyrics in english.

They decided to perform as a trio because of their minimalistic point of view. Nevertheless they deliver well arranged songs on a high, self-imposed musical level without using any kind of electronic loops, samples or playbacks.

Bustafied are Daniel Zoglauer (bass & vocals), Lukas Danninger (guitar & vocals) and Bernhard Küllinger (drums & vocals).

The trio recorded their first release „ep1“ before they actually start playing live in Spring 2018. Bustafied worked with well known sound engineer of Parov Stelar and a three times award winning mastering engineer to reach the sound quality they want to deliver.

„ep1“ was officially released on 26th of May 2018 and is available on all known streaming services and also as a hardcopy.

In Summer 2018 the trio played several shows in Austria and won the biggest band contest in Upper Austria called „lautstark!“ in 2019.

At the moment Bustafied is working on new songs and is looking forward to reach more people with their music.
